Toledo, Ohio 43605 | JeffConrad@universalurethane.com

MEETING YOUR URETHANE NEEDS SINCE 1973

- Full Service Roll Recovering Including: core repair, bearing replacement, coupling replacement, dynamic balancing and non-destructive testing.
- Custom Urethane Molding Department with compression presses for quick delivery and low cost for your molding needs.
- Protect Your Steel Coils with a Urethane Coil Pad: Our coil pads can reduce the cost of waste and damage for today's fabricators and metal processors.
- Save Time and Money by having our fleet of trucks pickup and deliver your product to your door. Eliminate the use of commercial trucking and the cost of boxing and crating.
- Our Sales Staff Can Travel Anywhere to Help You With Your Urethane Needs. We service Ohio, Michigan, Pennsylvania, West Virginia, Kentucky, Illinois and Indiana on a routine basis. We travel to other states periodically.

Contact us for a quote or to discuss needs for a project!
